What Questions Do You Have After A Week in the Schools?

Take about five minutes and brainstorm, on the lines provided below, some questions that you have and want to have answered by your classmates, Dr. Gustafson, Dr. Smyth, and myself. These can be curricular concerns, concerns about classroom management, concerns about relationships with colleagues, and anything else that's on your mind.

We'll spend some time talking about your questions as a group, so be prepared to talk, think, and help everyone out.
